

# ENVIRONMENT REPORTS

## WORKING PARTIES

It is still a source of disappointment that despite our best efforts the working parties are still only attended by the “faithful few”. To them we offer our most sincere thanks. However we are undeterred and delighted to report that the Rose Cottage garden refurbishment is now almost complete. We are extremely grateful to Ray Topp whose endeavours have underpinned our efforts. Many favourable comments on the landscaping have been made by numerous visitors to our various events.

For any people who are put off joining us by the thought that they already do their own gardening and do not want to do similar work at Rose Cottage, be assured that there are always jobs to be done on the meadows themselves.

The working party dates are as follows:-

Wednesdays at 4.30pm	13 August 10 September 8 October
Saturdays at 9.30 am	8 November 13 December
2009	10 January

**N.B.** All working parties meet at Rose Cottage

**Information regarding working parties can be had by telephoning Rosemary Allen on 01722 333819.**
