

# WEBSITE UPDATE

[www.salisburywatermeadows.org.uk](http://www.salisburywatermeadows.org.uk)

Our website continues to attract increasing numbers of “visitors” as the table below shows. Since the launch of the new site just a year ago the number of “hits” has risen from 79 in February 2007 to 573 in November (the last month for which statistics are available at the time of going to press). This is extremely encouraging, as it shows that increasing numbers of people are showing an interest in our beautiful Water Meadows. We hope they will encourage friends to visit our website, and this may lead to new members!

Month	Visits	No of Pages Viewed
February	79	542
March	140	587
April	249	1219
May	296	1410
June	350	1788
July	336	1305
August	302	749

These “visits” have come from Australia, Brazil, Canada, Chile, Cyprus, Finland, France, Germany, Greece, Hungary, Italy, Japan, New Zealand and USA as well as within the UK.

We are currently exploring the possibility of establishing links with Constable websites, and are always on the lookout for new links. Please, therefore, do get in touch if you know of a website which may be a potential link for us.

Please do visit the site as often as you can and do let us know if you feel there is any way we can make improvements.

My thanks go to Richard Dyde, Hadrian Cook, Mike Cowan and especially to our Webmaster, Kirstie Looms, for all their hard work and support over the past year.

**Photos:** On our website you will find a set of wonderful photographs of the Meadows and the Cathedral - do take a look! They were taken by David Noton, working on behalf of Visit Britain. We are very grateful to Mr Noton and Visit Britain for their permission for us to use the photos.
